Dear Jim and Lynn,

It is a pleasure to welcome ID Theft Solutions of America to the Georgetown Chamber of Commerce.

Having some awareness of the challenges facing employers who are not prepared for compliance with new FACTA and Gramm, Leach, Bliley regulations, I believe that your services will be of great value to many of our members. In fact, I understand that several have already become your clients.

Given the proliferation of identity theft in our society, and the growing risks incurred by both individuals and businesses as a result, I am also confident that many will find the availability of a voluntary identity theft protection benefit to be of great interest. I am especially impressed by the recovery services offered as part of your program. Having several friends who have been the victims of identity theft, I know what an ordeal it can be to reestablish one's identity, clear one's credit record, and even to ensure that Social Security benefits are not undermined.

I wish you and Lynn great success, and appreciate your making membership in our Chamber a priority for your business. Working together, we will build a brighter future for our community and our region...one business at a time.

Best Regards,

Mel Pendland
President
